

Since 2009

Getting The Word Out! “Homeowner’s Fast Track to Best Contractors!”

Objective

The primary objective for circulating/posting the flyers is for you to be instrumental *informing as many people as possible about the existence of this free online booklet/tutorial for private home heads in your community.*

Structural Demographics

Single-Family, Duplex, Small to Mid-sized Mansions & Estates.

Individual Financial Initiative

Both honorary and regular volunteers are encouraged to use our own prerogatives about spending. There is no requirement for you to spend anything. If you can circulate/post the flyers without incurring expense, please, do so.

However, if you decide to spend in the process of circulating the flyers, this is your decision, and your personal accountability. This is applicable to all volunteers.

We are all independents who believe in the HGRBS mission, and, we all take ownership of the decisions we make in doing our part. Whether we are registered or honorary volunteers (those who volunteer for just a brief assignment to donate a portion of our time), we are equals.

The *SERVICE BOOKLET* is sub-divided into 2 major parts, and 1 minor:

1. Choice for best contractors.
2. Choice for best filing of related complaints.
3. Additional consumer information.

Online Booklet/Tutorial Utility

Each online booklet/tutorial is custom-fitted to each geographic region of the 50 states and WA-DC.

The design is to enable private home heads in your area of the state to make more informed and better decisions about the contractors they hire.

Although there are lots of good contractors, there are dishonest ones who make false promises to residents in order to steal their money.

The [SERVICE BOOKLET](#) helps residents know what to do to make safer and wiser decisions about those hired to work in, on, or around their homes.

Thank you for doing your part towards the good of your family, friends, and neighbors!

THANK YOU FOR STEPPING FORWARD!
